
Loader Plotter Documentation

Release 1.0

A. L. Almeida

Dec 13, 2017

CONTENTS

This is a auto-generated documentation of the Loader-Plotter produced. The main objective of this loader is to grab the Data from ArrayFire format files and a designated folder. With that and the class requirements, it loads the data to *Numpy* arrays so that it can Plot Surface, Plot 3D and Construct Movies.

Requirements:

To run this Loader one need to have installed various modules: * *Numpy* * *ArrayFire* * *Matplotlib* * *ImageIO* * *DateTime*
